Dear Warl,

When about a dozen and a half minor corrections are made I'll have another book-length manuscript I'll have finished with. Thinking of the copies I may want made reminds me that I've not heard from you for a while. If you do not want a copy of that ms. please let me know.

And, if you have anyquestions, please feel free to ask them.

Had a Christmas card from Lonnie Hudkins. In copying it I did not include all of the first line. It is "We've had some health problems.

If there is anything you'd like to ask me about in person my next appointment at Hopkins if 1/28.

Hope all of you had two good holiday seasons and have a good year ahead.

Sincerely,

Harold
